May 2015

May 2015

With the most heartfelt gratitude, I would like to express my indebtedness to you for your financial support, which has assisted me during these last four years of my undergraduate education at the University of Florida. It is because of your organization that I have victoriously graduated with a 3.5 GPA. Furthermore, because of your generosity, I was able to successfully focus on my studies without the stress of burdened student loans upon receiving such a distinguished degree.

During both my freshmen and senior year at UF, I was granted the opportunity to have dinner with both the former and current UF presidents in their reception home -- due to my achievements as a scholar and as a first college graduate in my family.

Your benevolence has allowed me to experience a nonprofit sporting marketing firm as a communications intern, a newsroom as a reporter and web editor; and I have worked as a copywriter for an accounting and consulting firm. I currently work for a distinguished periodontics office as a marketing/digital content producer in Tampa, Fla. The next phase of my life involves working for one of the largest healthcare insurance providers in the U.S. as an editor and marketing copywriter.

On behalf of all the students working to overcome financial difficulties to achieve their dreams, I would like to thank your organization again for all that you have done and are doing.

You can follow my success at christymariewideman.wordpress.com

Sincerely,

Christy M. Wideman
2011 Lecanto High school graduate
2015 University of Florida Bachelor's graduate
